## Big Lake Police Change Locations

The Big Lake Police Department has relocated its offices to the Big Lake City Hall Building located at 160 Lake Street North. The Police Department will be occupying a large area on the south side of the building which has been underutilized for the past few years. City Hall and Police Department Staff will share the same front counter and reception area. This move allows for a more accessible location for our citizens for police services, while providing a “one stop shop” for all City of Big Lake Services. Additional benefits include; allowing all City Staff to work at one location and share resources, reduced expenses for; utility, cleaning, technology, and maintenance costs associated with two fully functional buildings. For the short term, the prior Police Department location will be retained and used for cold storage.
