Shade Tree Closes Big Lake Store

www.shadetreepowersports.com

Shade Tree Powersports has provided Powersports enthusiasts with name brand Powersports products for over 27 years. The family-owned business recently made the difficult decision to close their Big Lake facility to focus their attention and resources on their growing online business. The store closing process has started with a store-wide inventory liquidation sale that will conclude on March 30, 2014. The sale only covers the Big Lake facility. The Ohio facility will continue to operate with business as usual. Shade Tree Powersports will continue to produce and mail catalogs, but the primary focus of their business will be their website. Thank you Shade Tree Powersports for your contributions to the Big Lake community!
