**Winter Parking Regulations**

Winter will soon be upon us....members of the Big Lake Police Department will begin enforcing the City of Big Lake Winter Parking Restrictions. For the first 2 weeks of November our Officers will be placing warnings on vehicles as a reminder of the parking changes. Although snow has not been an issue this year, this will change, we work to building a habit in accordance with winter parking regulations. Having vehicles removed from the roadways allows Public Works to effectively maintain our roadways as winter conditions change and begin to develop. When vehicles are on the roadway during snow removal it significantly slows the cleaning process, and thus the time it takes for your roadway to be cleared.

Big Lake City Ordinance requires that no vehicle be parked on a public roadway from **November 1 to April 15, between the hours of 12:01 a.m. and 08:00 a.m.** Vehicles must also be removed from roadways when a snowfall of 2" of more occurs, until the roadways have been cleared all times of the day.
