Veterans In Sherburne County: We Want To Collect Your History

Are you a veteran, or do you know a veteran living in Sherburne County? We want to document the military histories of veterans in Sherburne County. Anyone who may have served in the United States military and lived in Sherburne County, we would like to talk to you.

In recent months it came to our attention the veterans of Sherburne County remain undocumented and unmemorialized. A new program created and in development by the Sherburne History Center seeks to list and document the veterans of Sherburne County. The reasons for this project are many. We would like to recognize and possibly memorialize the veterans of the county. In addition, these resources may serve future historians and family genealogists in researching Sherburne County.

The project will consist of collecting information about military service. We want to collect whatever information veterans want to share with us, including: names, branches of service, and time of service. In addition, if veterans would like to share detailed histories, or photographs, or other resources, we would be honored to collect and preserve them.

Please join us in documenting the veterans of Sherburne County. For more information about this project, contact the Sherburne History Center at 763-

262-4433 or contact Executive Director Mike Brubaker at mbrubaker@sherburnehistorycenter.org
